Our Week!

It was a fun and busy week, and we have been feeling the Spring! What an interesting mix of weather we have had this week, but the sunshine was so welcome. 😊 Our students have been celebrating in a variety of ways:

Math Mania on May 15th

What is Math Mania?

Math Mania is an evening of mathematical demonstrations, puzzles, and hands-on activities for elementary or middle school children. It's been designed by members of the University of the Fraser Valley's Department of Mathematics & Statistics to show children – and their parents – how much fun you can have playing with mathematical concepts.

Math Mania is held in a school gymnasium and lasts about ninety minutes. About 20 volunteers (students and faculty) from UFV run tables with a wide variety of activities. We have games and puzzles to intrigue people of all ages.

We will also have a special math gift for all of our students! 😊

Grade 5 Legacy fundraising

Grade 5 Legacy
Support Centennial Park Elementary's Grade 5 Legacy project and year end activities.

1. Collect returnable drink containers and place them in a clear plastic bag (no sorting needed).
2. Bring them to the Regional Recycling Depot at 750 Riverside Road.
3. Drop off the bags for "Centennial Park Elementary School"
4. **ASK** for a **RECEIPT** at Drop-off

If you have bottles and would like assistance to drop them off, please contact Erica Reagh, ereagh@hotmail.ca

THANK YOU!

We need you!

your help means a lot!

Volunteers Needed

In order to make our Year End BBQ happen we need volunteers! We will have some Grade 8 Leadership students from Chief Dan George Middle School but some of our attractions must have an adult with them!

Parking Reminder!

Update: I can tell that so many of you are trying hard to help us out by keeping our parking spaces clear and our parking lot safe for all of us. THANK YOU! We really appreciate your help with this!! 😊

Parking at most schools is an ongoing issue! 😊 As you may have noticed, we have been working hard lately to remind families that the parking lot of the school is only for staff. We have grown by over 20% since last year, and we need all the parking spots for our staff! Even if they appear to be empty when you drop off, please know that most of our support staff arrives right at the bell, as that is when their shift starts. That's why we ask that you please not park in any spaces in the school parking lot.

We are fortunate that we have the church parking lot next door that we can use, as it's just a quick walk from there to our school grounds. We also now have access (usually!) to the mall parking across the street, and a wonderful crosswalk you can use.

Thank you for keeping our parking lot safe and available for staff! 😊

Being a parent or caregiver is the toughest job out there! Sometimes we need extra supports so that we can better help our struggling little ones (or not so little ones!). Whenever I get information about parent groups that are offered in our community, I'll be sure to pass them along to you. 😊

DIGITAL WELL-BEING AND MENTAL HEALTH

As parents, we struggle with balancing our children's time spent in the digital world and what we consider the real world. It's not easy to know how much time on technology is too much and how to set boundaries that don't create conflict. Join us to listen to a video conversation featuring Dr. Kristy Goodwin, Digital Wellbeing and Productivity Researcher, Speaker, Author and Consultant to learn some practical solutions to our everyday concerns and challenges around our kids' use of screens and their mental health.

This video presentation will be followed by a facilitated discussion by Monica Thimer, Family Peer Support Worker, Mission ICY Team and Corinna Landsberger, Family Peer Support Worker, Mission Community

Supporting, Understanding and Connecting with a Teen With a Depression

Most adolescents are a part of normal development for our teens, but sometimes something more is going on with their mental health. How can we tell the difference? For what parent should we intervene, and how can we go about it? If you're a caregiver and feel lost about how to best support your teen struggling with Depression, you are not alone. Join Victoria Kuchta, a parent with lived experience and Corinna Landsberger, a mental health researcher and digital wellbeing coach and facilitator, for a discussion about understanding how depression shows up in teens and ways of planning with them through it. Come together with other families to watch this video presentation followed by a facilitated discussion by a FamilySmart Parent Peer Support Worker.

Old News, But Still Relevant!

Outside Playtime

The rain and cold have come! Please remember to send your child with a warm coat, rain footwear (boots, shoes that can get wet, etc), and warm enough clothing. We will be going outside every recess unless the weather is *really* bad...we know that it is so important for our students – and ourselves! – to get fresh air and exercise, even if it is wet and cold outside. **It would also be really helpful for you to send an extra change of clothes in their backpacks, in case they get wet!** That might save you a trip to the school to come to the rescue if they fall in a puddle.

Garbage on the Playground

Please have a look around you after using the playground or field before/after school and on the weekends, to pick up any juice boxes, wrappers, or other items that may have fallen to the ground while your kidlets are playing. 😊 Before school started we had an amazing group of kids and families who helped clean up our school grounds, and we want to keep it clean and tidy! We work on that as well with our students – together we can keep our CPark school grounds looking amazing!
