### PRINCIPAL'S MESSAGE

It has been a pleasure beginning my journey as principal at CPark. I appreciate the warm welcome from staff families, and students. I am eager to serve the school as we work towards achieving our school goals.

Together, we will create a nurturing and stimulating environment where every student can thrive.

At Centennial Park, our core values are the foundation of everything we do. We believe in integrity, community, perseverance, respect and kindness as we establish active learning for our students.

These values guide our actions and decisions, ensuring that we provide a supportive and inclusive environment. We are committed to fostering a culture where every student feels valued and empowered to reach their full potential.

We are also deeply committed to the well-being of our students. We understand that a student's emotional and mental health is just as important as their academic success. By working closely with parents and guardians, we aim to create a supportive network that prioritizes the holistic development of each child. Your involvement and partnership are crucial as we strive to provide the best possible experience for them.

Let's work together for the best year ever!
